

Sheba Platform Limited

Take Home Task: SQA Engineer

Assignment-1: Write test cases for bKash's "Add Money or Payment" feature.

Note: Use an excel sheet to create test cases

Assignment-2: Write test case, manual testing report and automation (You can feel free to choose the framework that you suit best).

Please use this url: <https://opensource-demo.orangehrmlive.com/web/index.php/auth/login>

Login to this system using the below username & credential:

Username: Admin

Password: admin123

Then go to the Leave menu

<https://opensource-demo.orangehrmlive.com/web/index.php/leave/applyLeave>

- Write test case for apply Leave feature (Note: Use an excel sheet to create test cases)
- Perform Manual functional testing on this menu. Find the bugs using manual tests as per your test cases & prepare test report (If any)
- Then write an Automated program for login and apply leave feature. **[Plus Point]**
